ST400 LOBBY | Versatile, compact and reliable

The ST400 Lobby is the ideal solution for indoor installations. Designed to maximize accessibility and efficiency even in tight spaces, our device offers exclusively frontal management (Total Front Access). This feature makes it ideal for environments with space and accessibility limitations, ensuring practical and intuitive use.

Furthermore, the Atm retains all the advanced technological features of the TTW model, recognized as a point of reference in the market. Among these, the following stand out: a 19-inch-monitor, native compatibility with NFC readers and QR codes, and robust intrinsic logical security.

Key Features

- ✓ Total front access
- ✓ Touchscreen
- ✓ CEN certified safe (CENL/CENIII)
- ✓ Physical security (Security Sensor, Barrier, Stainer, Antigas...)
- ✓ Barcode reader
- ✓ Fingerprint reader
- ✓ EPP PCI
