

RTS105

Payment of health tickets
as you want, whenever
you want

STRONG
AND SECURE

CUSTOMIZABLE
LAYOUT

TURNKEY

RELIABLE

SMART

COMPLETE, SAFE, VERSATILE

The RTS105 collector, enabled for cash and electronic-card payments, is the complete and secure solution for the payment of healthcare services with just a few simple steps, thanks to its design and high level of customization. Security compartments and a remotely monitored alarm system protect the cash just like in the bank.

The health ticket dispenser allows a fast and intuitive payment of healthcare services and related services, both in cash and with cards.
