SMART

SECURE

ECOFRIENDLY

RELIABLE

USER EXPERIENCE

VERSATILE, COMPACT AND RELIABLE

Despite its small size, designed for an easier installation, it offers security levels in line with TTW versions.

With its small footprint and full frontal accessibility, the SL490 is the ideal solution for self use. Thanks to its performances, it improves the Customer's User Experience thanks to speed of execution and value-added functions and services. Installation flexibility is its hallmark.
